DESIGN GUIDELINE

Placement

To ensure that the Alchemy of Breath brand are never compromised, the marks should stand alone so that it does not compete with other texts, graphics or images, including other certification logos.

The logo should be placed prominently in order to maximize visibility and recognition.

Clear space around the marks is needed at least ± 20% of the width of the marks.

Size & Acceptable Placement

On standard printing paper material (A5, A4, A3 size) the marks is allowed to placed on the top left, top center, and top right. The marks is also allowed to placed in the center of the paper.
This positioining also works for the digital design.

On large marketing materials such as banners or displays, the size of the mark must be increased proportionately to the size of the material to ensure highest visibility.

Please use only the outlined logo (will be sent in separate file).
